

Guanzi Pu

First part

motto:

"It is a matter of life and death, a road either to safety or to ruin. Hence it is a subject of inquiry which can on no account be neglected."

Sun Tzu: The Art of War

preface:

I wish you to enjoy and improve while studying these problems,

addendum:

I have reformatted the original files for both iPhone viewing and creating A6-booklets. Observe that Guanzi Pu is a very old problem collection which is not only about killing or living, but also about gaining points while letting live or die.
